

Scholarship Policy Document

This document outlines the scholarship policies for students enrolling in the B.Voc in Artificial Intelligence and Machine Learning program offered by Nexcore Alliance in collaboration with recognized University.

1. Meritorious Student Scholarship

Objective:

- To recognize and reward academic excellence among students who have demonstrated outstanding performance in their Class 12 board examinations.

Eligibility Criteria:

- Minimum 85% aggregate marks in Class 12 (Any recognized board).
- Scholarship applicable only in the first academic year (can be extended based on academic performance).
- Must have enrolled in the B.Voc in AI and ML program.

Benefits:

- Up to 50% tuition fee waiver for the first year.
- Continuation based on maintaining a minimum 80%

Application Requirements:

- Marksheet of Class 12.
- Character certificate from last attended institution.
- Written statement (200 words) on why the student wants to pursue AI and ML.

2. Underprivileged & Rural Background Scholarship

Objective:

- To support students from economically disadvantaged or rural backgrounds in accessing future-ready education.

Eligibility Criteria:

- Annual family income less than ₹2.5 Lakhs (Income Certificate required).
- Must belong to a rural area (verified via residential proof).
- Must have passed Class 12 from a recognized board.

- Enrolled in the B.Voc in AI and ML program.

Benefits:

- Up to 75% tuition fee waiver.
- Additional support for hostel or transportation, subject to availability and need.

Rules & Regulations:

- Income and address documents must be valid and issued by a competent authority.
- Scholarship will be revoked if false information is found.
- Must maintain minimum attendance of 85% and satisfactory academic performance.

Required Documents:

- Income Certificate.
- Residential proof (Village Panchayat certificate or similar).
- Marksheet of Class 12.
- Admission proof into the program.

3. Women in Tech Scholarship

Objective:

- To encourage and empower female students to pursue careers in new-age technologies such as Artificial Intelligence and Machine Learning.

Eligibility Criteria:

- Female candidates who have passed Class 12.
- Enrolled in the B.Voc in AI and ML program.
- Priority given to first-generation learners or those from semi-urban/rural areas.

Benefits:

- Up to 60% tuition fee waiver.
- Mentorship and skill-building workshops specifically designed for female students.
- Networking support for internships and placements.

Rules & Regulations:

- Must maintain a 90% or above each semester.

- Active participation in academic and project-based activities is mandatory.
- Misuse of scholarship privileges may lead to revocation.

Required Documents:

- Marksheet of Class 12.
- Aadhaar card or government ID as proof of gender.
- Short essay (150–200 words) on “Why I want to build a career in AI & ML”.

General Notes

- All scholarships are limited and subject to approval by the scholarship committee.
- Students may apply for only one scholarship category.
- Decisions made by the Scholarship Committee will be final and binding.
